Career Summary

Passionate Software Engineer with 1.5 years of experience building clean, responsive, and user-friendly web applications. Skilled in developing high-quality digital solutions with a strong focus on performance, scalability, and attention to detail. Proactive learner with hands-on experience across modern frontend technologies, eager to contribute to innovative teams, solve real-world problems, and grow in a collaborative, fast-paced environment.

Professional Experience

Frontend Developer   May 2025 – Present
Trodad International Ltd   **Mirpur DOHS , Dhaka**

- Developed responsive, scalable, and SEO-friendly web applications using **Next.js, TypeScript, and Tailwind CSS**.
- Built and maintained reusable UI components using **shadcn/ui**, ensuring design consistency across the application.
- Implemented **server functions / API routes** to handle backend logic and integrate securely with **PostgreSQL databases**.
- Built **custom React hooks** for data fetching, state management, and caching to optimize performance and code reusability.
- Collaborated with backend, design, and product teams to deliver high-quality features in an agile environment.
- Optimized application performance, focusing on faster load times, accessibility standards, and scalable architecture
- Participated in code reviews, provided technical insights, and contributed to team decision-making. Worked partially with **Expo** to support feature integration for mobile applications.

Jr.Frontend Developer   August, 2024 -April, 2025
SaverFavor Limited   **Sector-4,Uttara, Dhaka**

- Developed and maintained responsive web applications using React.js, Next.js, TypeScript/JavaScript, Redux Toolkit, Tailwind CSS, and MUI, implementing scalable state management and reusable UI components.
- Integrated RESTful APIs for dynamic products, authentication, cart, and order flows, and built a scalable admin dashboard with full CRUD functionality for efficient product, order, and content management.

Web Developer (Intern)   May, 2024 – July,2024
Debug Station   **Nikunja-2, Khilkhet, Dhaka**

Built responsive, modern web interfaces using HTML, CSS, JavaScript, React.js, and Tailwind CSS while assisting with API integration, debugging, and feature development. Gained practical experience in Git/GitHub and collaborative workflows under the guidance of senior developers.

Technical Skills Highlights

- **Languages:** JavaScript, Typescript, C, HTML, CSS, Java.

- **Frameworks & Tools:** React.js, Next.js, EXPO, Tailwind CSS, ShadCN, Material UI.

- **Version Control & Deployment:** Git, GitHub, Vercel, Netlify

- **Collaboration & Project Management:** Trello, Asana

- **Other Tools:** Figma (UI Design), Postman (API Testing), VS Code.

Projects

- **E-Commerce Site | Live: Not Available**
  Developed a full-featured e-commerce platform with separate user and admin panels, and secure role-based authentication
  User Features: Shop products, build custom PCs/CCs, manage cart/wishlist/compare, place orders, track status, post reviews & questions
  Admin Features: Manage products, categories, orders, sliders, brands, PC/CC parts, media files, and static content sections
  Tech Stack: React.js, Tailwind CSS, Redux Toolkit, Spring Boot, JWT, MySQL

- **SEO- ECommerce (MVP) : Github:** github.com/sohagbhuiyan/SEO-Optimized **| Live:** Click here
  A minimal e-commerce platform built with Next.js, TypeScript, and Tailwind CSS. Features include product listing, product details, and cart functionality.
  Tech Stack: Nextjs, Typescript, Tailwind CSS, Redux Toolkit.

- **Advance To-Do: Github:** /github.com/sohagbhuiyan/TODO **Live : github.io/TODO/**
  Different Two tab for personal & professional list, Add to do, mark it done & deletable   **Tech Stack:** Javascript, HTML & CSS
